Game Developer

Profile

I'm a developer currently studying at Grafisch Lyceum Utrecht. I have a passion for creating entertaining games and exploring new technologies. Outside of my studies, I enjoy programming, watching anime, hanging out with friends, playing Magic: The Gathering, and gaming. I'm always looking for ways to blend fun and creativity through code.

Experience

2017 – Current

Kentucky Fried Chicken

Cashier

Selling products to customers. Listening and resolving problems customers might have.
